DANIEL SMITH Paint Rack Assembly Instructions

Steps to Assemble

1. Lay out side panels on a flat surface, holes facing up.
2. Insert posts into designated holes by screwing in with Phillips screwdriver.
3. Insert dowels into designated holes. (*See diagram page 3*)
4. Insert back panels onto posts and dowels at top and bottom of side panels. The holes positioned to the back of the display.
5. Insert cams into holes of back panels, turning them so they tighten onto posts. (*See diagram page 4*)

For Half pan assortment go to page 6

6. Insert shelf pins. (*See diagram page 3*)
7. Slide rack strips into moulding on front of shelves prior to inserting shelves.
8. Insert shelves into front of rack, front of shelf under the front pin, then push back into rack with back of shelf sitting on back pin.
9. Insert header card into slots on top of rack.

Cams

DANIEL SMITH 4th Paint Rack Assembly Instructions For Watercolor Center

FOURTH RACK SHELF LAYOUT

The fourth rack has a different shelf layout than the previous three racks, in order to accommodate all of the included Watercolor support products.

Four shelves are provided for hanging the additional Watercolor tubes, two additional shelves are provided to support the Watercolor Grounds and Masking Fluid, as seen in the image.

DANIEL SMITH
Half Pan Assortment- list assortment sku number

4 pegboard sections
45 peg hooks
45 Reorder Cards
1 Header Card

Steps to Assemble

Build the wood rack following the previous instructions. You will not be using the included pins as there are no shelves. The product hanging method is the pegboard included.

1. Insert the pegboard sections from the top of the display into the channels on the sides. Align the panels so the holes are vertically aligned on each panel.
2. Insert pegs starting at the 5th row of holes from the top.
3. Insert additional pegs every 3rd hole down from the first peg and one hole spacing between pegs left to right.
4. Hang the Reorder cards in chromatic order - (shown on last page)
5. Hang the product in front of the corresponding reorder cards.

Please note -if you pick up the rack with the pegboard inserted it will slide out. To move the rack you will need to slide out the pegboard.
